Jessica Lee Designs™ Expands Art Pottery Line

The Santa Cruz based Jessica Lee Designs™ is excited to expand the Art Pottery line due to popular demand. With playful colors and textures the ceramic tiles, which are hand crafted in Arizona, receive star treatment when set in high quality silver bezels and incorporated into pieces with stained glass, vintage pottery, and seaglass hand picked on the California coast.

The whimsical designs from the ladies of Santa Theresa Tile Works are showcased in this line just in time for autumn orders. With so many combinations and colors to choose from, everyone is sure to find a piece that suits their personality. With designs ranging from mod black and white swirls and polka dots to runny glazes that morph from one hue to another, leaving a grainy trail each piece is truly a one-of-a-kind.

Because these Art Pottery tiles are so eye-catching, this line is sure to have staying power in the Jessica Lee Designs collection.

Jessica Lee Designs can be contacted via snail mail at 509 Swift Street, Studio F, Santa Cruz, Ca 95060, or call (831) 426-0925 to speak to Kelly about ordering.
